If you are a kubb player or supporter, you have must heard of the movie Game of Throws that came out last Saturday. If you have not watched it, check it out this weekend. After you have watched it, we highly recommend listening to Matt Wigdahl and Eric Anderson be interviewed by Chad Bevers and Evan Fitzgerald on Fox Valley Kubb Radio. It is a fun and insightful look into the film. Lastly, there were over 80 people at the world premiere. If you were not able to make it to the world premiere last Saturday, SkyMotion Media released a two-minute video showing what it was like.
